Summary

Front-End Developer specialized in React and modern web technologies, creating responsive, interactive, and user-friendly applications. Experienced with Windows Forms with C# and database integration, and familiar with .NET MVC back-end development. Passionate about building clean, efficient code and delivering exceptional user experiences

Education

Misr Higher Institute For Commerce and Computers   2023 – Present
Bachelor of Computer Science *(Expected Graduation: 2027)*

Experience

Full-Stack Web Development Trainee
Digital Training Center (DTC), Mansoura University   Jun 2024 – Nov 2024

- Designed and developed responsive web interfaces using HTML, CSS, JavaScript, Bootstrap, Tailwind, and React.

- Implemented interactive UI components and dynamic features to enhance user experience.

- Studied basic PHP concepts and gained a simple introduction to Laravel and WordPress for backend fundamentals.

- Participated in real-world projects, collaborating with teams to deliver functional web applications.

- Applied version control (Git), debugging, and best coding practices to maintain clean and maintainable code.

- Strengthened understanding of front-end architecture, component-based design, and state management in React projects.

.NET Full-Stack Trainee
Digital Egypt Pioneers Initiative (DEPI Round 3)   Jun 2025 – Dec 2025

- Built front-end applications using C#, Windows Forms, and MVC architecture for desktop and web interfaces.

- Learned backend fundamentals with ASP.NET Core, Razor Pages, and SQL Server for front-end and database integration.

- Developed CRUD operations, form validations, and interactive user interfaces for real-world applications.

- Gained experience in debugging, testing, and optimizing application performance.

- Enhanced skills in full-stack development, problem-solving, and software design principles.

Freelance Front-End Developer   2025 – Present

- Developed responsive landing pages, login systems, and small web applications using HTML, CSS, JavaScript, and React.

- Collaborated with clients to gather requirements and deliver functional software.

Skills

- **Front-End Development:** React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, Responsive & Interactive UI Development, Component-Based Architecture, State Management, UI/UX Design & Prototyping (Figma).

- **Desktop Development:** C#, Windows Forms, CRUD Operations, User-Friendly Desktop Interfaces.

- **Back-End Fundamentals:** ASP.NET Core (Basics), ASP.NET MVC, Razor Pages, SQL Server (Basic Queries & CRUD), PHP, Laravel (Basic Understanding).

- **Tools & Version Control:** Git, GitHub, Visual Studio Code, Visual Studio, Debugging.

- **Professional Skills:** Team Collaboration, Agile Workflow, Problem-Solving, Clean Code Practices, Quick Learner, Adaptability to New Technologies.

Projects

Bookify – Hotel Reservation System
Full-Stack Web Application - Role: Front-End Developer
GitHub: `https://github.com/Menna-Khalifa/Hotel_Reservation_System`

- Designed complete UI/UX in Figma, covering layouts, screens, and user flows.

- Built responsive interfaces using HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS.

- Converted designs into dynamic Razor Pages with clean layout structure.

- Developed interactive pages for browsing, reservations, and booking workflows.

- Applied responsive design and cross-browser compatibility best practices.

Veterinary Clinic Management System
Desktop Application (C# Windows Forms + SQL Server) - Role: Back-End Developer

- Developed a system for managing appointments and animal records.

- Implemented database connectivity and CRUD operations using C# and SQL Server.

- Added validation logic to ensure data accuracy.

Dental Clinic Reservation System
Web Application - Role: Front-End Developer

- Built responsive interfaces using HTML, CSS, JavaScript, and Bootstrap.

- Implemented booking workflows with form validation.

- Ensured mobile compatibility and cross-browser behavior.

Languages

- Arabic - Native
- English - Excellent (Writing), Very Good (Speaking & Listening)

Certificates

- Full-Stack Development Training, Digital Training Center (DTC), Mansoura University - 2024
